

## IEPM Welcomes Eastern Bearings, Inc.

Maine distributor of bearings and power transmission components becomes member of association

(Augusta) – October 20, 2008

The Independent Energy Producers of Maine welcomed today Eastern Bearings, Inc. as a member of the Augusta, Maine based trade association.

According to [www.ebearings.com](http://www.ebearings.com), "Eastern Bearings is a distributor of bearings and power transmission components. We also sell mechanical and electrical drive systems, as well as lubrication systems."

"We are happy to work with many renewable power producers in Maine, and are proud to be a local company in Westbrook," said Eastern Bearings' Paul Freeman.
